

# Creating a Learning Space At Home

For more information, see the full document on our website

## SPACE

- Use the space you have
- Tri-Fold poster board at a dining table
- Turn an unused closet into a study nook
- Access to charging
- Space should be purposeful

## ENVIRONMENT

- Declutter
- Quiet is key
- Maintain structure
- Minimize distractions and consider this in how you create the space

## ORGANIZATION

- Bins/Baskets for supplies
- Cups to hold pens & Pencils
- Create folder systems

## SOCIAL EMOTIONAL

- Allow student to create the space with you
- "Recess" or movement breaks
- Water breaks
- Connect during online wellness sessions

## SENSORY

- Have fidgets available
- Flexible seating options
- Natural light
- Classical music
- items for all 5 senses available (create a box)

## OTHER

- Consider the developmental age
- Consider pros & cons of desk in student's room vs common space

Tri-Fold Poster Board and Earbuds will be available at the District Office for students who need them 503-845-2345
