School Goals
For the 2018 - 2019 school year, John F. Kennedy High School is focusing our efforts on improving graduation rates and decreasing the number of chronic non-attending students. We will continue to improve instruction by focusing on the 5 phases of focused note-taking and student note interaction.

State Goals
The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment
Hospitality and inclusiveness are hallmarks of the Mt. Angel community culture. We are always working to understand the needs of students and families to ensure an inclusive environment for all. Families are encouraged to contact their students’ teachers or the office with questions or concerns, which are addressed proactively whenever possible.
